SUMMARY

As an ambitious Computer Engineering student deeply passionate about technology, I am fervently preparing to carve my path in the dynamic realm of software engineering. Proficient in a spectrum of programming languages including C++, HTML, CSS, JavaScript, SQL databases, and Python, I possess a versatile skill set poised for application in complex software development projects.

SKILLS

- ❖ **Python, C++, Java**
- ❖ **HTML, CSS, Javascript, React, Node.js, Express.js, APIs,**
- ❖ **SQL, NoSQL , MySQL, MondoDB**

EDUCATION

- ❖ Pursuing Computer Engineering | Sinhgad College Of Engineering, Pune
- ❖ XII (CBSE) | Shri Dnyaneshwar Mahavidyalay, Newasa

EXPERIENCE

- ❖ **Data Science Intern | Forage**
(28/11/23 to 27/12/23)
Web scraping to gain company insights
Predicting customer buying behaviour

ACADEMIC PROJECTS

- ❖ **Cloth Shop Management System**
Technologies used – Python ,django, HTML, CSS, JavaScript, SQL, Oracle
- ❖ **LCDNet: Light Weighted Cloude Detection Network**
Developed and Implemented the LCDNet, a novel cloude detection network

ACTIVITIES / HOBBIES

- Member of Google development student club
- Elected captain of SCOE kabaddi team (2023)
- Member of STES
